

# A Better You at anyAge!

## Health Performance

Supports Healthy Aging

## Whole Body Detox

Bolsters Immunity

## Oxidative Stress

Stabilizes Free Radicals

### — WHAT IS GRESKA'S CARBON-60 ? —

Greska's Carbon-60™ is a carbon-based dietary supplement that is odorless and tasteless. Our organic sunflower oil is very rich in C60 molecules. You only consume **1/8 teaspoon (2/3 mL) daily** or apply it topically to concentrate it locally.

Carbon 60 fullerenes, the active ingredient in Greska's Carbon-60, are considered to be the world's most efficient free radical scavenger. As a result, the Carbon 60 molecules activate your natural antioxidant response and detoxify the whole body at the cellular and mitochondrial levels.

### — HOW IT WORKS —

Health experts agree that excessive free radicals and toxins are recognized to cause many health issues and **premature aging**. These electron-deficient molecules impair healthy bodily functions by stealing electrons from neighboring healthy cells, causing a chain reaction of disruptive oxidative stress.

Greska's Carbon-60™ provides electrons to molecules and toxins, to combat oxidative stress. C60 neutralizes electron-deficient toxins, rendering them harmless and supporting healthy cell function and **whole-body detoxification**.

### — ADDED BENEFITS OF SUNFLOWER OIL —

Our cold-pressed, solvent-free processed sunflower oil is rich in good Omega 6. It also contains vitamin E, vitamins A, C, and D and fatty acids that act as antioxidants to regenerate new skin cells and effectively treat acne. Linoleic acid protects the skin against bacteria and germs. The vitamin E and oleic acid in Carbon-60 sunflower oil can help **reduce the appearance** of fine lines and wrinkles in your face. Sunflower oil has **anti-inflammatory** properties that can help lower skin redness and roughness. [1]

### — WHY BUY GRESKA'S? —

Greska's Carbon-60™ is **third-party tested** and the only certified **Food-Grade**, clean Carbon 60 supplement. [1] We Nano-Blend™ our Carbon 60 powder into non-GMO, cold-pressed, organic sunflower oil in our Certified Good Manufacturing Practices facility. We pack and ship all our orders from our fulfillment facility in Littleton, Colorado.

## — How To Use —

**Oral Use:** Greska's Carbon-60 is taken orally, directly into the mouth, with or without food; mornings are preferred. Give the rubber dropper two good squeezes, one to clear the pipette, then a second squeeze to fill it just over half full for one serving.

**Topical use:** Apply a few drops on your skin.  
Example: 4 drops will cover the back of your hand.  
There are 30 drops in a 1/8 teaspoon serving.

**Topical Roll-On:** Roll product on your skin.

**Greska's for Pets:** Squirt on food. See chart.

Pet Weight Chart		
0-15 lbs	1	squirt
15-35 lbs	2	squirts
35-60 lbs	3	squirts
60-100 lbs	4	squirts
+100 lbs	5	squirts

There are no known adverse interactions or contraindications of Greska's Carbon-60 with any medications.

## — WHY GRESKA'S CARBON-60 —

Greska's Carbon-60 powder conversion process is the **ONLY** C60 conversion process to produce a clean Carbon 60 in small 20 nanometer spheres.

The scientific breakthrough is Greska's non-solvent process is the Carbon 60 is more than 200,000 times **smaller than the antioxidants** found in foods like red wine, berries, and dark greens, making them vastly more bio-available and more effective.

Greska's Carbon-60 is small enough to enter the cell where many toxins are trapped. The Carbon-60 molecules very readily penetrate the skin, muscles, ligaments, bones and to reach organs to work at the mitochondrial level in each cell supporting a healthier you.

**"Order Today! You will be glad you did."**

*Bob Greska*

Third-party independent laboratory tested, and verify for the quality, presence, and lack of contaminants in Greska's Carbon-60 powder. ([1] [www.C-60.com/certs/](http://www.C-60.com/certs/)).

**Allergen Warning:** Our bulk oil is processed in a facility that produces peanut oil.
